

**SECTION 402.  
PERSONAL IDENTIFICATION CARDS, LAWFUL PRESENCE REQUIREMENT. <sup>1</sup>**

**IRLI Comment:** Uses the similar language and legal analysis recommended in Section 401 to restrict drivers licenses to aliens who are permitted to establish legal residence in a state under federal immigration law.

§ xx-xx-xxx is amended to read as follows:

“[xxx] The [secretary of state] shall not issue an official state personal identification card to a person who is not a resident of this state. A person, other than a citizen or national of the United States, or an alien lawfully admitted for permanent residence, shall be deemed to be a nonresident for purposes of this chapter, unless and until the Secretary of State has verified that such person is lawfully present in the United States, through the SAVE program.
